DO YOU FEEL LIKE YOUR PRACTICES ARE UNORGANIZED? DO YOU NEED A SYSTEM TO FOLLOW? NO DRILL ROUTINES. NO SUCCESS.

We have helped coaches to put as many as 6-10 wrestlers in their states' State Championship Finals in one season using **our DVD series** and Private Team Camps! Furthermore, we have helped youth, middle school, and high school coaches around the United States to have career changing results and even to become famous coaches in their respective states. Set FIRE to your program and become a SUCCESS MACHINE with a **Purler Wrestling Academy Private Team Camp**.

Nick Purler's PRIVATE TEAM CAMPS are 'system' camps based off of our instructional DVD series – Foundation Wrestling (.com). The Foundation Wrestling Series is broken down into 4 parts, Beginners, Phase I, Phase II, and Phase III. The Private Team Camps utilize the Phase I and / or Phase II

series as this makes up the CORE of the Purler Wrestling Academy / Foundation Wrestling System and we feel it should for your team as well.

These camps are designed to allow you to have an affordable way to get ALL of your athletes, youth, middle school, and high school, in one location and drilled on our system. Furthermore, the camp is designed to help coaches to streamline their program, focus their efforts, get all coaches of all levels onto one proven system, and to get their various teams onto a set of drill routines. After our camp, you will have the ability to run your program with the precision of a Swish watch, and create astonishing results that are reproducible year after year, regardless of who is in the lineup or at the coaching helm.
